I, Gary Wayne Garland, Jr., DOB: 04-13-1971, Social Security No. 404-06-4109, do hereby Swear under oath, The Following STATEMENT is True and Correct, to The best of my recollection, on This day of August, 28, 2020. First let me stress That I am not feeling well at all, my penmanship is suffering due to head and neck trauma. my wife, Shannon Nadine Garland, is also housed at This Facility as well.

On August 27, 2020, while in The A-Pod, living area of The Anderson City Jail, The inmates on This wing, was viewing The local news, on The inmate television. The local news displayed my wife and I, names and discussed The Federal Charges.

AFTER The Second news broadcast, I was approached by a lead gang member, whom currently lives in cell; A-210, at This Facility. I was attempted to be extorted, in The Form of payments, For protection, by The gang, due to The Charges of my wife and I. I refused This extortion attempt, in Front of everyone. I Then went to my cell; A-208, to regain my Composure and Calm down. Three gang members came to my cell, Two of The black gang members rushed in to assault and lynch me, while The Third, white gang member stood watch at my cell door. I was repeatedly physically assaulted, I Tried to defend my self as best as possible. AS Soon as They all left my cell, I pressed The incell emergency button, Telling The Control booth City Jail

officer, that I had just been assaulted, to please shut my cell door, and help me. This was roughly 8:30pm or so. My cell door was shut, shortly thereafter, all the cell block A inmates were locked in their cells. Several minutes later I was told to report to a jail officer. I requested medical attention at that point. While I was waiting on EMS to arrive, my head and neck were exploding with pain, I was then in holding cell 2, I became very disoriented, and starting getting some nausea and vomiting. I had trouble walking and talking. When EMS arrived, I was worse, my heart rate and blood pressure was very high, I was having trouble focusing and staying alert. I was transported to the Anderson Armed hospital. After analysis by the ER doctor, I was ordered for emergency CAT scan. The CAT scan came back negative for fractured skull or brain damage and internal bleeding.

However, I still had the symptoms and effects of a concussion and neck injury. I was returned to the city jail. I requested to be permitted to

contact my state attorney and my family, I was denied both. I have visible head and face

trauma, I have two lacerations: lower left forehead, outside left eyebrow, three bruised and swollen impact sites, left temple cheek bone, lower left cheek bone, and upper left mouth, just below

2. The nostril. The city jail staff would not

Take any photos of The physical damage for evidence. I requested To be placed in a different housing area OF The jail, as a fole safe, For my protection, in The event OF my cell door opening by mistake, being housed in The Same area as my attackers. I was denied This protection, Told " I will get This everywhere I go, so I should get use TO IT". I was placed back in my cell; A-208, in The Same living area as my attackers, Two OF which live on either side OF me. I requested repeatedly That I want To press Charges for assault and battery, gang lynching, and hate crime assault. I was denied. my attackers were given 72 hours lockdown as punishment For assaulting me, They will Come OFF lock down on Sunday 30, 2020, in The Same living area as I. I am currently locked down in my cell, in a punishment manner. I requested Today, The 28th OF August, 2020, To Call my STATE attorney, The U.S. Marshall's Service, and my Family, I was denied, I am NOT even allowed To Shower or contact anyone. I am To be hidden until my wounds heal. I am being denied access To my lawyers, my Family, healthy hygiene. I am being punished, I have been physically assaulted by a gang, I am the victim For Christ Sake. moreover, I am housed right next To my attackers. Whats To happen To me when They Come OFF lock down and my cell door is opened by "mistake"?

3. The main gang member in The assault lives

right beside me in Cell: A-207, I live in Cell: A-208,
 The lead gang member - The extorter - and back up
 assuiter, lives on the other side of me in Cell: A-210,
 The third gang member and the look out during
 my assault, lives directly above me, in Cell: 308.
 My God, is The City Jail STAFF Trying to allow me
 to be killed, left to die, turning a blind eye to
 my assault, my physical and mental safety. I now
 fear for the safety and well being of my wife
 as well, we were actually safer at The Anderson
 County Jail.

I want to press charges against these gang
 members, I want to contact my lawyers and
 family members, I want to be safe and protected,
 I need help, please. By the time you get this
 letter, it could very well be too late.

Please help me and my wife, please. I hurt so
 badly, I don't know what else to do.
